

DIFFERENT DRAPERY STYLES

www.suhaaggarden.com

**Criss-cross with
front column vignettes:**

The drapery is emphasized
all around the mandap,
creating a fuller look.

Column vignettes:

The drapery is accented
on the columns for slight pops
of color, while enabling
the carved columns to
create an equal statement

**Drape cinched back
to columns:**

The drapery serves as a
slight accent of color,
leaving the focus on the
lush florals.
